**Networking Lunch**
Connect with like-minded professionals, exchange ideas and expand your network whilst fueling up for the afternoon's engaging proceedings.

**Introduction**
The workshop will commence with a unique opportunity to hear directly from the ELEVATE, COMMITTED and ENGAGE project coordinators, Detlef van Vuuren and Bas van Ruijven.

**Good practice policies to increase ambition for 2030 & beyond**
Join Takeshi Kuramochi from NewClimate to discuss transformational policies to accelerate climate action towards net zero.

**Coffee Break**
Enjoy a brief coffee break, and if you’re a negotiator, this break allows you to return to the official Bonn Climate Change Conference venue, if needed.

**Interactive Group Discussions**
Join us in dedicated break-out rooms to discuss ideas around justice and climate modelling, and net-zero targets. Collaborate, listen to fresh perspectives, and contribute your voice.
Room 1: New frontiers in justice and climate modelling  
*Presenters: Elina Brutschin, IIASA and Sean Jiaming Low, Aarhus University. Join the discussions on how can justice, fairness and equity increase ambition towards net-zero pathways.*

Room 2: Policy decisions underlying net-zero targets  
*Presenters: Detlef van Vuuren and Isabela Schmidt Tagomori, Netherlands Environmental Assessment Agency. Join the discussions about increasing the ambition towards global net-zero pathways.*

Reporting back from groups  
*Unveil the key takeaways from the thought-provoking dialogues of the interactive group discussions.*

The impact of feasibility constraints on global net-zero scenarios  
*Christoph Bertram (University of Maryland) will explore feasibility constraints and enablers of decarbonisation pathways.*

Closing remarks  
*As the workshop concludes, we will hear remarks from Detlef van Vuuren (ELEVATE project coordinator) and Gintarė Zinkevičiūtė (Climate Strategies).*
Reception

We invited you to reflect and unwind from the afternoon’s stimulating discussions with your fellow attendees.
